Removal of Restrictions Suggested to Allies to Clear Away Fog.

"RED" ACTION BLAMED

Reports Indicate Commodities for Exchange and Money Are Scarce.

The removal of all restrictions in so far as trading with Russia is concerned has been suggested by this government as a solution of the Russian problem, it was learned

The proposal has been transmitted to the allies and so far no answer has been received.

It is understood that it is the position of this government that its proposal is the only one which can clear away the fog that now surrounds the Russian position. Under the program there would be no need of getting licenses or any sort of governmental permission. but the transactions would be entirely at the risk of the persons in-

American officials have believed for some time that the trading with Russia idea has been largely misunderstood and that a part of the demand for such action has been inspired by Bolshevist propaganda. Reports which have reached this government indicate very strongly that Russia has no commodities to sell in anything like the quantities that have been estimated, and that there is also a great deficiency in gold or platinum with which the Russians could purchase supplies in this country.

In any event, it is believed that there could be little benefit to American capital, as the present exchange situation would force Russia to go into the best market that she could find and that the Soviet government or this account would almost certainly restrict its pur-chases to Great Britain and France, where the purchasing power of its gold would be greater than in the United States.

Reports that this government was about to consider the making of sales of locomotives and other supplies to the Soviet representatives in that country were denied yes

(Public Ledger Service.)

Convicted of Auto Theft.

Elias M. Nesbitt, colored, indicted for grand larceny in connection with the theft of an automobile belonging to Samuel H. Mumford, 1223 Vermont avenue northwest, last April, was convicted by a jury in Criminal Court yesterday. Nesbitt. who was tried before Justice Stafford, was released on bond pending an appeal by his counsel, William

But If You Won't Exercise \$ Vigorously You Must Take "Cascarets."

There is nothing like bending exercises, taking long walks, or chop-ping wood to keep the liver and wels active, but most folks take their exercise in an easy chair. Such folks need Cascarets, else they suffer from sick headache, sour, acid stomach, indigestion, colds and are miserable. But don't stay bilious or constinated. Feel splendid always like Calomel, Salts, Oil, or nasty, harsh Pills. They cost so little too -Cascarets work while you sleep .-

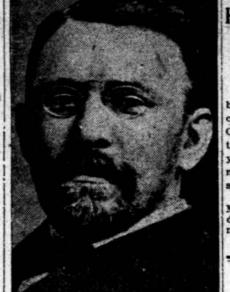

March and April are months of rarest charm in Bermuda. Flowers are most profuse—the sunshine more brilliant— skies more blue, and land and water sports attract with a new charm. The Annual Tennis Tournament is a feature

New 'Better Schools' Group Forms With A. C. Moses Head.

A shower of verbal bouquets for Dr. John Van Schaick, jr., and the School Board and a hail of verbal brickbats directed against the Federation of Citizens' Associations and the Senate investigating committee preluded the formation of the Association for Improved Schools at a mass meeting of fifty-two parents and teachers last night at the home of Mrs. Henry Calver, 1721 P street

The fifty-two applauded when the Rev. Dr. Roland Cotton Smith said We must combine to counteract the evil and pernicious work of the citizens' associations in the school controversy." They also applauded when he described Dr. Van Schaick as "being a Christian gentleman who only fails, if at all, in being so straight and righteous that he bends over backward."

Rank Injustice Charged.

H. Stidham referred to the "rank injustice" and "malignery" of the campaign directed by "the professionals of the District Citizens' Associations."

Arthur C. Moses was selected chairman of the new organization "I am neither for nor against Thurston," Moses stated in accepting. "But if the investigation shows he is right I will fight for him. If

Applause greeted his statement, "I io not think the school properly appreciated. I think that as it is now constituted it is the best board the District ever had."

Talks were also made by Mrs. Giles Scott Rafter, Thomas J. Donovan, Paul E. Lesh and Miss Alice Deal. Among those present at the meeting was Mrs. Miles E. Poindex-Presidential candidate.

Dr. Van Schaick was not at the meeting. Questioned last night, he stated, "I do not think I was invited, although a stranger this afternoon at the Capitol asked me if I would be there."

Superintendent Ernest E. Thursby taking Cascarets occasionally, ton said last night, "I do not care to They act without griping or incon-discuss the matter." Asked about They act without griping or incon-venience. They never sicken you his attitude on the proposed investi-like Calomel, Salts, Oil or nasty, gation, he added, "I should think there were investigations enough.

HEARING TODAY

Will testify. Chauffeurs have asked to be heard.

Chairman Zihlman yesterday received a letter from A. G. Batchelder, executive chairman of the American Automobile Association, calling attention to a scale of rates for licensing motor vehicles in the District, which has the approval of his organization. The letter states that the present scale is illogical and unreasonable.

Hearings on the Zihlman traffic bill for the District before a subcommittee of the House District Committee of the House District Committee probably will be brought to a close today, it was announced yesterday by Representative Zihl
The Delifer Heals.

Want to buy a submarine chaser? The Navy Department is now ready to dispose of 150 of these polications for membership that it has been found necessary to employs and unreasonable. The association suggests 25 cents per horsepower and 25 cents per horsepower and 35 cents per loopounds of vehicle and load for propunds of vehicle and load for propunds of vehicle and load for propunds of vehicle and committee and a financial state—shorsepower gasoline engines, and the committee and affinancial state—shorsepower gasoline engines, it was announced yesterday by Representative Zihl
